COMPANY PROFILE

CV. Trengginas Alfath Berkarya is an IT consulting company that covers the entire IT solution development lifecycle. Founded in December 2021, our team comprises professional experts with deep experience in the IT solutions field.

We provide services across every phase of the IT lifecycle — from planning, development, and implementation to maintenance — guided by our slogan ***"More Value Solution"***, so that every solution we deliver brings tangible added value to our customers.

2021 Established	**IT** Consultant
20+ IT Projects	**4** Service Cycles

VISION & MISSION

VISION

To become an information technology company covering planning, development, implementation, and maintenance — oriented toward delivering value for our customers' business needs and targets.

MISSION

- Plan IT solutions grounded in thorough analysis of our customers' business needs.
- Develop and deliver IT solutions according to plan — skillfully and efficiently.
- Maintain enduring partnerships with our customers and stay competitive in the market.

OUR SERVICES

01

PLANNING

Plan and prepare all IT development documents, including UI design and end-user experience design.

02

DEVELOPMENT

Build the solution according to plan, ready to be used by the customer's end users.

03

IMPLEMENTATION

Roll out the IT solution successfully, including training and onboarding sessions for users.

04

MAINTENANCE

24/7 monitoring to keep the solution healthy, plus on-demand feature change requests.

WHY TAB?

What sets our service apart for your business.

Fast Response

Responsive SLA aligned to client needs.

Professional Team

Seasoned experts across the IT solution stack.

Flexible Pricing

Pricing tailored to the project scope and scale.

IT Solutions We Build With

Flutter	React Native	Android	iOS	PHP	Laravel
CodeIgniter	Vue.js	ASP.NET	Spring	Node.js	Tailwind

Partnership Experience

PT. Dharma Lautan Utama

Application Development · E-Ticketing · Mobile · Website · Managed Service

Under the official engagement letter for **Application Development of PT. Dharma Lautan Utama and Related Systems** (E-Ticketing System, Website, Mobile Android Client, and Boarding) plus Managed Service, **CV. Trengginas Alfath Berkarya** is the appointed vendor of **PT. Dharma Lautan Utama** for maintenance and procurement within this engagement.

CONTRACT NUMBER

234/HKM/DLU/XII/2022

01 January 2023 — 31 December 2023

CONTRACT NUMBER

217/HKM/DLU/XII/2023

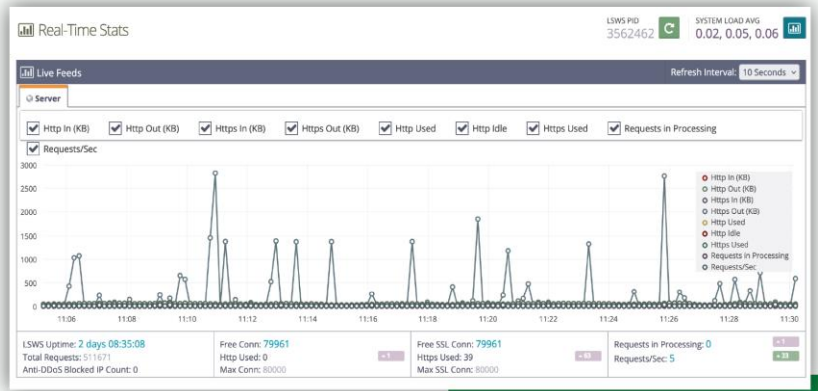

01 January 2024 — 31 December 2026

SCOPE OF WORK

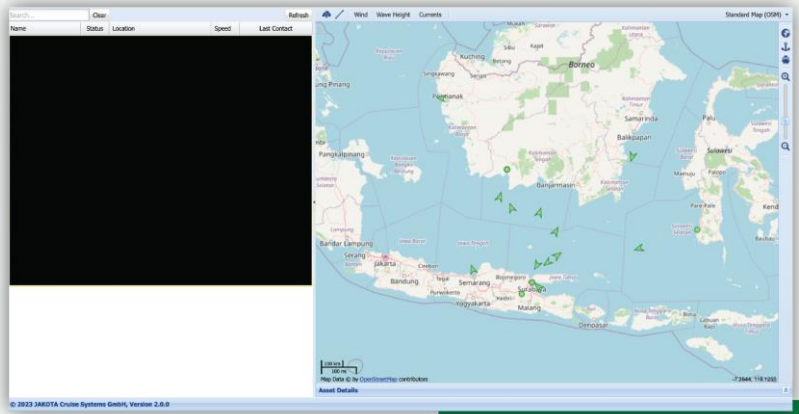

- E-Ticketing
- Mobile Android
- Website
- Boarding
- Managed Service
- Maintenance

DLU Managed Service & GPS Monitoring

Real-time server performance and vessel fleet monitoring across Indonesia.

DLU Managed Service

DLU GPS Monitoring

Partnership Experience

DLU Web · Mobile · Company Profile

Online ticketing system, mobile app, and official DLU Ferry website.

DLU Ticketing

DLU Android

DLU Company Profile

Partnership Experience

My Pelindo Application Maintenance

Officially appointed maintainer of the My Pelindo application.

Under purchase order **No. PD.02/13/4/SBY/PSD-23** for the maintenance of the **My Pelindo** application — effective 10 April 2023 — **CV. Trengginas Alfath Berkarya** was appointed as the maintainer of the **My Pelindo** application, in accordance with the System Work Plan (RKS) scope for 228 calendar days.

My Pelindo Maintenance

Partnership Experience

Core Business Application Integration — PT Pelindo Daya Sejahtera

Integrating PDS modules into the My Pelindo app via TANOS SSO — one app, two business entities.

CV. Trengginas Alfath Berkarya integrated **PT Pelindo Daya Sejahtera** core business modules into the **My Pelindo** application. **Single-Sign-On** via the **TANOS** backend and a profile split between **My Pelindo / My PDS** driven by **PROFILE_MODE** (TAD MDM) lets a single app serve two business entities at once.

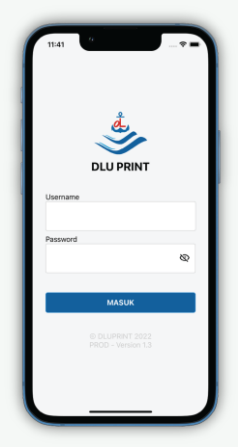

INTEGRATED MODULES

- Annual Leave & Permits
- Overtime & Realisation
- MY INTAN Attendance
- CICO Check In / Out
- E-Contract & Approval
- Work Certificate Letter

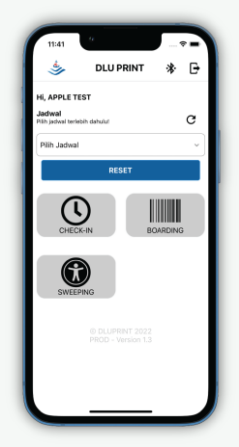

1 Month Maintenance · 25 Points of Request for Change (RFC)

DLU PRINT

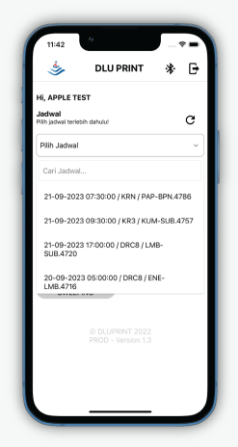

Mobile app for printing boarding passes — login, schedules, and sweeping.
